LIMIT 15 businesses

Fall 2012—an opportunity for businesses to expand their business into the energy sector, OR, for entrepreneurs to launch a business by developing a business plan for your energy-sector business.

Award-winning curriculum!

13 classes spread out in a 6.5 week course—includes: marketing, business planning, business economics, and energy-sector specifics.

Retain/Grow employees!

Limited number of seats available. A scholarship model will be used to narrow applicants. Scholarship will cover ALL course materials, instruction time, and business counseling services. Statewide mentorship opportunities will also be presented to participating businesses.

\$1,500 value! - Total end-user cost: time/travel

First time this course will come to Northeastern CO since 2008.

Business Development Course

This program brought to you by CSU Extension; the Colorado Small Business Development Center network; the Eastern Colorado Workforce Centers and the State Energy Sector Partnership Steering Committee
